

JANNE RIIKONEN

Lappeenranta
<https://riikonen.site/>

SUMMARY

Experience of quality from wide range of EIA. I like learning new technologies and I believe one of my key strengths is the ability to digest and apply new information.

WORK EXPERIENCE

EIA-Designer

May 2023 - Present

- EIA modernization projects
- Field instrumentation and cabinet design,
- Substation secondary design projects
- Short circuit calculations and relay settings
- Substation switching operation design

EIA-Supervisor

Apr 2021 - Aug 2021 &
Apr 2022 - Apr 2023

- Supervision of electricians and automation technicians
- Instrument and automation system maintenance work
- Shutdown resource planning
- Medium and low voltage network troubleshooting
- 10 kV network maintenance and switch operations
- Circuit diagram design, IO connections

Electrical Network Designer

Nov 2021 - Jan 2022

- Distribution network design
 - Trimble NIS Medium and Low voltage design
-

EDUCATION

Master of Science in Technology (Electrical Engineering)

2018 - 2023

University of Engineering and Technology

- Specialization in Advanced Manufacturing.
 - Thesis on "Innovations in Sustainable Engineering Practices".
-

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management, CAD, PLC programming, Data analysis
- **Software:** ABB DOC, Trimble NIS, SQL queries, MATLAB, Python ja Excel -programming, Siemens SIMATIC STEP 7, InTouch, LOGO! programming, Valmet DNA, SAP ERP, M-FILES use
- **Languages:** Finnish, English, German, Swedish
- **Certifications:** Occupational safety, SFS6002, Live working <1kV, Hot work certificate, FRC emergency first aid, B-driver's licence
